Ring is a massively multiplayer online (MMO) action RPG that is heavily connected to a new universe of a fantasy myth. FEATURES: • An Epic Story of a Land of a Myth A multilayered story that is a totally different fantasy myth in the Chronicles of a new fantasy universe. • A Unique Online Game where you Must Play Together with Others The game has an optional asynchronous online element where you can directly connect with others and travel together. • Numerous Play Styles Based on Your Imagination Create an unlimited number of characters and choose the characters' school and skills. You can freely control the character that you create and develop your character according to your play style, for example, by increasing your muscle strength to become a strong warrior, or mastering magic. • An Offline Battle where the Heroes of Heroes Lived In the game, you have to adjust your character to fight monsters and advance through dungeons to reach the ultimate goal. The fate of the world of Exvania rests on your character, and you need to continuously adapt to the changing situations of the world. • A Huge and Vast World Where Nothing is the Same In the game, you explore new worlds in a vast continent, where you can freely travel. In these worlds, the various situations and huge dungeons vary greatly. In addition, you can freely combine the weapons, armor, and magic that you equip. • Unique Character Customization: Choose the appearance of your character to your liking, and feel free to fully express the idea of "customer service" for the game that is in a state of rebirth
