Adobe Creative Cloud, CC, Photoshop, Color, Illustrator, Premiere Pro, Audition.Q: IntelliJ - How to fix long line of text which generated by adding curly braces to beginning or end of existing text? This is very frustrating. I am adding an object to a list and I want to line wrap the entire object, including any property/variable names which are longer than my line width. I can do this by adding curly braces at the beginning and end of the object and selecting "Add braces". I did this with several objects. This creates a new line for every object in the list and I have to delete them manually. How can I do this? A: You can't. You can only do it when you are defining the object.

Installation time about 15-20 mins.Abu Bakr al-Baghdadi, the leader of the Islamic State of Iraq and al-Sham (ISIS), has not yet been captured or killed after his group launched an offensive in northern Iraq last summer, Shiite militias managed to destroy a mosque at the supposed jihadist leader's birthplace. Although the Islamic State was defeated last month, the

militants have been able to maintain a presence in the region. U.S. officials estimate the group may have nearly 30,000 fighters. According to a Shiite militia and eyewitness, ISIS kidnapped a Kurdish leader from his home in the village of Abs in Iraq's northern Babil province on Sunday. In a recording of the kidnapping obtained by Al Jazeera, the man's wife can be heard repeatedly asking Kurdish militants not to kill her husband. She referred to them as "the Islamic State" and urged her husband to "stay alive," warning them that there were Kurdish informants among them. The footage was distributed on Tuesday by Iraqi Shiite groups that took part in the fight against ISIS. "I want to tell the Iraqi people, they have intelligence among them," the wife says in the video. "They do not know if my husband is telling the truth, that there are no informants. God is great. God is great." She asks her husband to "stay alive." "The Islamic State has taken everyone." The recording shows the wife talking to people who are on the scene. She can be heard asking them to let her husband go, calling him "Abu Ibrahim." The husband's family is asking the men not to do anything to him. In one part of the video, she tells him
