The purpose of this study was to clarify the relation between the quality of life (QOL) and depression of women with breast cancer and their reactions to a screening siren. Between August 1989 and June 1990, a screening siren was sounded every month in our hospitals. A questionnaire for self-rating the QOL (Kohroki questionnaire) was mailed to 200 patients with breast cancer. The QOL and depression were assessed at the time of recurrence or during the following 3 months. Of the 200 patients, 162 (81.5%) responded to the questionnaire. The mean age of the subjects was 47.1 years (range 34-65 years). Seventy-seven percent of the patients had a recurrence, and the median survival time after recurrence was 4.1 months (range 0.1-63.4 months). The QOL assessed by the mean of all items was 72.6 (median 74.1, range 45.0-90.0) at the time of recurrence. The QOL was significantly worse in patients with depression and a long survival time (p This invention relates to a tool and method for drilling bore holes for the placement of plugs in refractory-lined wellbores. Advertisement 6 comments Hey there, I do think your blog could possibly be having web browser compatibility problems. Whenever I look at your website in Safari, it looks fine however, when opening in Internet Explorer, it has some overlapping issues. I merely wanted to provide you with a quick heads up! Other than that, great site! I was perusing through online on the subject of share to facebook, and I found the following web page: I thought it was very interesting, and so I'd like to present it to you! You will need to access the Chrome web browser for you to be able to do it, and then it may also be useful to you. I've been surfing online more than 4 hours today, yet I never found any interesting article like yours. It is pretty worth enough for me. In my view, if all website owners and bloggers made good content as you did, the net will be much more useful than ever before. I've been surfing on-line more than 3 hours today, yet I by no means
