acquisition. It can read everything from regular paper to fine art and even negs with no loss of quality. It is also one of the easiest and most powerful document scanning software applications to use. You can access a large quantity of scanned images and create templates in the background with its multi-page scan feature. The program can create booklets, brochures, press kits and mailing labels that you can add to your Send to Address Book. VueScan is designed to scan literally any kind of document such as security documents, letters, catalogs, magazines, newspapers, books, checks, bills and more. Simply give the program the documents you would like to scan then let it do its job. VueScan will take each page of each document and produce a scan at its highest quality without reducing overall image quality. VueScan Pro 9.0.0.6 includes full 64-bit support, multi-page scanning, enhanced file handling, a document
