Hoobastank - The Reason (Acoustic Version) - Download Mp3.Lalit Modi is one of the biggest crooks, corrupt politicians. He has done no work for education and development. So, he is always trying to take money from the poor and middle class. Modi was caught in the middle of his laundered money by the CBI, ED and the Indian Finance Ministry. The three agencies arrested him. Lalit Modi was also found guilty in the IPL. So, after all this hard work by the CBI, ED and the Indian Finance Ministry, Lalit Modi is back in India from Dubai and living happily. But now he has some questions for the government. Why has the government not found his London properties? Why the government is not offering him any of his financial assets to recover the money, according to the CBI, ED and Indian Finance Ministry? The government is talking about linking the bank accounts to the FIR. I request the government to actually file the case and arrest him. He should be arrested immediately. If he has been living abroad, then there must be some proof to indicate that he has been living abroad. Let the CBI come to India and arrest him. This is the demand of Lalit Modi. He has nothing to do with the cricketing world, but he does not want to give up his life so easily. The Indian government has no evidence against him. He has been living a quiet life abroad since the IPL. This is no different from Narendra Modi. He is a thief, a corrupt person. Modi cannot give up his life so easily. The Indian government is treating him like this. This is what is happening with Lalit Modi too. This is the demand of Narendra Modi. Now if Narendra Modi is living a guiet life abroad, then he should be arrested and brought back to India. The ED had a similar case against Nirav Modi. Nirav Modi was arrested and it was f988f36e3a
